8	So clearly, when you did your invalidity analysis, 11:39:10	8	configured to be connected to a network and only 11:42:46
9	you said that just capability by itself isn't enough 11:39:15	9	having the capability of being connected to a 11:42:48

17	earlier, but I can I can just tell you. I'm 11:39:59	17	A. No, you're you're taking words out of 11:43:08
18	reading back your testimony from earlier. You 11:40:02		context. Those words have meaning in that particular 11:43:11
19	said ah, yes. So I see you're saying, "Just 11:40:30	19

21	configured." 11:40:35	21	explain it. But that's not what you're doing. 11:43:20
22	Do you agree with that? 11:40:37	22	Q. I guess I'm confused. Just maybe for my own 11:43:25
23	MS. WEYL: Objection, form. 11:40:42	23	understanding, you're saying that Dr. Wicker doesn't 11:43:28

25	which that was the answer? 11:40:44	25	a network as opposed to only having the capability of 11:43:35
